MEMORANDUM FOR THE DIRECTOR OF INTELLIGENCE, EDGS

16 1447 | C

Subject: Loyalty and Fitness Investigations

25X1A

References: a. C.I.C. Directive [REDACTED]
b. Memorandum to Director, C.I.C.,
from Director of Intelligence EDGS,
same subject, dated 6 September 1946.

It is noted in Reference b. that the War Department finds it impracticable to comply with the provisions of C.I.C. Directive [REDACTED] as regards the investigation of personnel furnished by the War Department to the Central Intelligence Group.

25X1A

In view of this fact, the Central Intelligence Group is preparing a revision of C.I.C. Directive [REDACTED] which will provide equivalent security requirements for C.I.C. personnel but will establish practicable procedures for security clearances. This revision will be submitted for consideration by the Intelligence Advisory Board at the earliest practicable date.

Pending occurrence by the Intelligence Advisory Board in a revision of C.I.C. No. 9 the Central Intelligence Group will itself undertake all security clearances initiated subsequent to this date on personnel furnished to C.I.C. by the War Department.

It is assumed that the War Department will complete all security clearances which have been initiated within that Department prior to this date.
